

Paste Specification

Produced article:

Designation of foam system:

Type of foam system: ☐ polyether ☐ polyester

other:

Shore hardness of parts:

Tube system used for the paste transportation: ☐ non or type:

Material of the turbine blades: ☐ plastic other

Paste dosage type: ☐ Mixhead ☐ other

Desired viscosity of the paste:

Will the produced parts be coated: ☐ no ☐ yes, with ☐ top coat or ☐ In Mould Coating (IMC)

Name of the material

Parts are used for: ☐ interior ☐ exterior

Color(s) of the desired paste:

Special requirements of the paste:

Approximate yearly consumption (per color):
